

COMPANY DESCRIPTION

Tempagenix was founded by Shelly Heller and April Pollock who saw a need for a low cost, disposable and sustainable forehead thermometer for the consumer market. Temp-N-Toss is manufactured and warehoused in Dayton, OH with 100% of items sourced from Ohio and assembled by Adults with Developmental Disabilities. The strips use a proven Liquid Crystal technology from our manufacturer that has traditionally been sold in bulk to hospitals and pharmaceutical companies.

Our manufacturing facility is ISO 9001:2008 certified and manufactured to FDA standards. Temp-N-Toss is registered as a Class II Medical Device and uses a medical-grade adhesive.

PRODUCT CAPABILITIES

- **Easy-to-read:** Displays 94F – 104F temperature range, accurate to within 1 degree
- **Continuous monitoring:** Medical-grade adhesive allows for monitoring for up to 48 hours
- **Disposable:** Designed for single use to minimize risk of contamination
- **Eco-friendly design:** No mercury, no glass, no batteries, latex-free, mylar-free
- **Non-invasive:** Ideal for children, babies and adults
- **Travel-friendly:** Easily fits in diaper bags, purses, first aid & emergency preparedness kits & luggage

The first paper disposable forehead thermometer on the retail market.
